### **Mixing & Feeding Directions:**

Mix 10 kg of this 3-1 Breeder Premix with 900 kg of barley, 62 kg of soybean meal, 25.5 kg of calcium and 2.5 kg of Dyna K to make one tonne of Breeder Ration. Feed this Breeder Ration to beef cows beginning two to three months prior to breeding season at a level to provide 100 grams 3-1 Breeder Premix per head per day. Also provide good quality forage. Ensure access to clean water at all times. Contact a Nutrition Partners representative for more information.

### **Caution:**

1. Directions for use must be carefully followed.
2. Do not use in association with another feed containing supplemental selenium.
3. Do not feed this mineral premix to sheep.

**Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences. Therefore, Nutrition Partners does not warrant or guarantee individual results.**
